Chairman's Desk

Mr. Mandar Vinze

Warm greetings from Chairman, ISNT Pune Chapter. We received the best chapter award during the NDE 2017 at Chennai and even though I was on stage to receive it, the real credit for it goes to our Immediate Past Chairman Mr M.S. Shendkar and his EC team. Once I was taught - Getting to be the best is not easy but remaining there is more difficult and I along with my EC members and all chapter members are ready to take the challenge and strive to remain the best. Through out my years as an EC member of Pune chapter I have noticed that it has been only the EC that conducts / plans / executes programs, however I feel that each one of our chapter members should be proactive and come out with suggestions / plans for future programs and I promise any member giving suggestions or a plan for any program, we would invite the member to an EC meeting, discuss the program and EC would surely implement it. I am very fortunate to have an excellent Executive Committee on whom I can blindly rely upon to conduct any task however I really wish proactive participation from all chapter members.

Editor's Desk

Mr. Bhausahab Pangare

We are presenting you with a first issue of ISNT Pune Chapter's journal called "e-PuNDEet".

Our goal is to create a new forum for exchange of information on all aspects of NDE. Future scope of the "e-PuNDEet" is open to your suggestions. I would like to encourage you to submit original research notes as well as opinions, technical reports and short communications in the general area of NDE. The journal is sponsored by "Quality Global Calibration & Inspection Services" and we are going to keep you informed on oncoming events organized by the ISNT Pune Chapter, give you inside stories on the development strategies and directions. I wish to see "e-PuNDEet" develop into a NDE journal with the balance changing toward research communication rather than remain a bulletin. The success of this "e-PuNDEet" depends on your response.

I would appreciate your feedback.
